Nutan Vidya Mandir <i>10th</i>	MARCH 2020 Percentage: 87.80

PROFESSIONAL EXPERIENCE

Flutter Developer Intern at Visanka Technology	APRIL 2025 – MAY 2025
- Developed and maintained Flutter application features, including UI enhancements and bug fixes. - Integrated REST APIs and collaborated with the PHP–MySQL backend team. - Implemented custom authentication and worked with Git, VS Code, and cross-platform development.	

PROJECTS

Certi-Nexa – Certificate verification Application	OCTOBER 2025 – MARCH 2026
Certi-Nexa is a decentralized application that allows organizations to issue, manage, and verify digital certificates on the blockchain. It provides a secure and tamper-proof way to store and share certificates, eliminating the need for traditional paper-based certificates.	
Smart Campus ERP – School/College Management System (Flutter PHP MySQL)	
Developed a role-based ERP system using Flutter, PHP, and MySQL. Implemented REST APIs, attendance, timetable, result, fee management, and notification modules for multiple user roles.	

CERTIFICATIONS & WORKSHOPS

- AWS Cloud Practitioner Essentials
- 100 Days of Code: The Complete Python Pro Bootcamp
- SQL for Data & Business Analytics
- Microsoft Power BI
- Microsoft Excel | Tally Prime
- On-Page SEO & AI Search

ACHIEVEMENTS

- Developed Flutter applications, including a learning platform and a school/college management system.
- Completed a 1-month professional internship as a Flutter Developer.
- Worked on multiple academic and practical projects across various subjects, both individually and in teams.
- Skilled in modern development tools and emerging AI technologies.
